Developed our leadership skills and sense of social justice
- Marcellin Reds -

We should really start taking action!

I have enjoyed every moment of it

Friendships and Memories
- Alice Red -

We are all looking forward to Red Leadership camp in October...

- Jessie Phillippi, Warragul -

MIEKE'S OUTBACK JOURNEY

Mieke, one of our Gold Helms last year, has picked up her life in Melbourne and moved to the small indigenous community of Wyndham in the North of WA, where she is now teaching.

Here is some of her story:

Remar has had a truly life-changing affect on me...I wouldn't have been able to handle the challenges being thrown at me now if it weren't for the skills and insights the Remar program helped me gain...

Being a primary teacher at a tiny, remote school is a HUGE change from teaching at Penola. We have about 80 kids at the school, mostly indigenous, with four classes (Kindy + Pre-Primary, Grade 1/2 Grade 3/4/5, and my class - Grade 6/7)...

The main difference, is the family life my students have...

One student is an orphan whose mum died last year from a foot infection, another has ADD and a brother who has Cerebral Palsy, another takes care of her Down Syndrome little sister and orphaned cousin...I'm finding it extremely challenging, but rewarding.

The main thing that's keeping me sane, connected with God, and happy is the beauty that surrounds me...the wide, blue skies, the green grass, the towering red rock hills, and the wildlife. I still giggle to find green tree frogs in my toilet and shower...

My next door neighbours are Fr. Mark, Sr. Veronica, and the principal, so I have some great conversations over coffee/dinners with them too. I've never felt God's presence as strongly as here...

God Bless, Mieke
